DAN: AMENDMENT 11/D" IS STILL NOW  
I would have to say "portrait" which is the way drawings have come to be positioned in the file.

COMPLIANT BECAUSE THE TITLES  
ON THE DRAWINGS,  
Is it important that the position of Heading, "Replacement Sheets" or "Annotated Sheets", be at the portrait or Landscape position?

bd

"REPLACEMENT SHEET" &  
"ANNOTATED SHEET", IS IN THE  
"LANDSCAPE" POSITION, NOT THE  
"PORTRAIT" POSITION, WHICH IS  
PROPER. (Bobbie) INFORM  
APPLICANT IN NEXT ACTION.
